

Guidelines to be followed when you come to Church

(Cont'd)

[b] you will come to a line on the floor about six feet from Father or the EME. You will need to remove or lower your mask, and you must remove any gloves. You should bow, say "Amen" and then you may move forward to receive Holy Communion. After you consume the Body of Christ you need to put your mask back over your mouth and nose before you start the return trip to your seat;

[c] then you will walk down the center aisle to return to your seats, keeping the proper distancing at all times; and

[d] if you desire to receive Holy Communion on your tongue, you will need to receive last.

6. Offertory collections will be dropped in baskets placed near the church entrances.

7. When exiting the church after Mass, you will have to be patient in order to maintain the required spacing. Bulletins will not be handed out, but they will be made available at the entrances of the Church.
